

## Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

---

November 20, 2020

Dear King Members, Friends, and Family:

I hope this letter finds you well.

Today, in total we have 35 current active COVID-19 cases (5 residents, 30 employees) at King. Two employees tested positive for COVID-19 today. Three members have recovered, but sadly, two members have passed. Writing you these update letters is always difficult, but particularly so when we have a death. We are a close-knit community here at King and we all mourn with you. Most of us here have chosen health care and long-term care as our careers because we love working with and helping people. We are heartbroken but remain hopeful that if we all join together we can bring an end to this terrible pandemic.

For those of you who participate in one of our state's oldest traditions, deer hunting season, we encourage you to ensure that you are continuing to follow the COVID-19 precautions that protect you and others by maintaining six feet of distance from others when you are out, wearing a mask, and washing your hands regularly.

Sincerely,

Tammy Servatius, Commandant
